

SPECIAL EDUCATION (Child Find) ACTIVITIES

The School District of Reedsburg must locate, identify, and evaluate all resident children with disabilities, including children with disabilities attending private schools, regardless of the severity of their disabilities. The school district has a special education screening program to locate and screen all children with suspected disabilities who are residents of the district and who have not graduated from high school. Upon request the school district will screen any resident child who has not graduated from high school to determine whether a special education referral is appropriate. A request may be made by contacting:
