

CHILDREN WITH DISABILITIES AND SPECIAL DIETARY RESTRICTIONS
Wisconsin Department of Public Instruction
PI-6314 (New 06-22)

A. Rehabilitation Act of 1973 and the Americans with Disabilities Act

Under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act Amendments Act (ADAAA) of 2008, “a person with a disability” means any person who has a physical or mental impairment which substantially limits one or more major life activities or major bodily functions, has a record of such an impairment, or is regarded as having such an impairment.

Major life activities include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

Please refer to these Acts for more information at <https://www.eeoc.gov/statutes/rehabilitation-act-1973> and <http://www.eeoc.gov/laws/statutes/adaaa.cfm>, respectively.

B. Individuals with Disabilities Education Act

A child with a “disability” under Part B of the Individuals with Disabilities Education Act (IDEA) is described as a child evaluated in accordance with IDEA as having one or more of the recognized thirteen disability categories and who, by reason thereof, needs special education and related services. The IDEA can be found in its entirety at <https://sites.ed.gov/idea/statuteregulations>.

The Individualized Education Program (IEP) is a written statement for a child with a disability that is developed, reviewed, and revised in accordance with the IDEA and its implementing regulations. When nutrition services are required under a child's IEP, school officials need to make sure that school food service staff is involved early in decisions regarding special meals. If an IEP or 504 plan contain the same information that is required on a medical statement, then it is not necessary to get a separate medical statement from a state authorized medical authority.

C. State Authorized Medical Authority's Statement for Children with Disabilities

U.S. Department of Agriculture (USDA) regulations 7 CFR Part 15b require substitutions or modifications in school meals for children whose disabilities restrict their diets. School food authorities must provide modifications for children with disabilities on a case-by-case basis when requests are supported by a written statement from a state authorized medical authority.

The state authorized medical authority's statement must identify:

- an explanation of how the child's physical or mental impairment restricts the child's diet
- the food(s) to be avoided
- the food(s) that must be substituted

The second page of this document (“Medical Statement for Special Dietary Needs”) may be used to obtain the required information from the state authorized medical authority.

Per USDA memo SP 32-2015, a state recognized medical authority is a state licensed health care professional who is authorized to write medical prescriptions under state law. This could include a physician, dentist, optometrist, podiatrist, physician assistant, or nurse practitioner. If the documentation to support a dietary accommodation has not been signed by one of these practitioners, the school is not required to accommodate the request (unless information about the dietary accommodation is included within the IEP or 504 plan, as mentioned above in Section B.)

D. Substitutions Within the Meal Pattern

It is strongly recommended, though not required, that schools have documentation on file from any medical authority for students with dietary needs for whom they are making menu modifications within the meal pattern. Such determinations are only made on a case-by-case basis and all accommodations must be made according to USDA's meal pattern requirements.

	I. GENERAL INFORMATION

Nondiscrimination Statement

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: <https://www.usda.gov/sites/default/files/documents/USDA-OASCR%20P-Complaint-Form-0508-0002-508-11-28-17Fax2Mail.pdf>, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant's name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

1. mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, D.C. 20250-9410;
2. fax: (202) 690-7442; or
3. email: program.intake@usda.gov.

This institution is an equal opportunity provider.
