

Long-Term Facilities Planning Information Sessions

We need your input!

The School District of Reedsburg has begun long-term facilities planning. Community members play a critical role in this process. Your voice will help shape Board decision-making.

We will host a series of community conversations to share important background information about our facilities and then gather your thoughts on key planning questions. The dates in each "round" of sessions are repeated; you would only need to attend ONE session in each round. We ask you to attend one of the Information Sharing sessions first and then RSVP for a specific focus group date.

We value your opinions; please make time to join us!
